**WILEY CARTER**

Note to descendants of Wiley Carter:

As you probably know, this is the 200<sup>th</sup> anniversary of Wiley Carter's birth, a good time for us to get together. I have accumulated as much information as possible about his descendants, and have it entered into my computer.

The following pages include what I have as of April 15, 1998. The names of many who are attending the reunion are not included because I didn't know how you were directly descended. Forms will be available on which you can enter corrections or additions. The data will then be updated, and a more permanent booklet will be sent to each family. I'll also include some biographical information.

I'd particularly like anything you might have concerning families of Amanda and Ann.

Be sure that the information you submit to me is correct, that it indicated clearly how each person is connected to those already listed, and include:

Full names of descendants, spouses, and children;

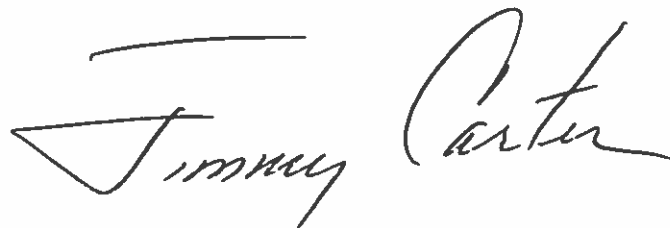

Dates and places of birth, marriage, and death;

Other special information.

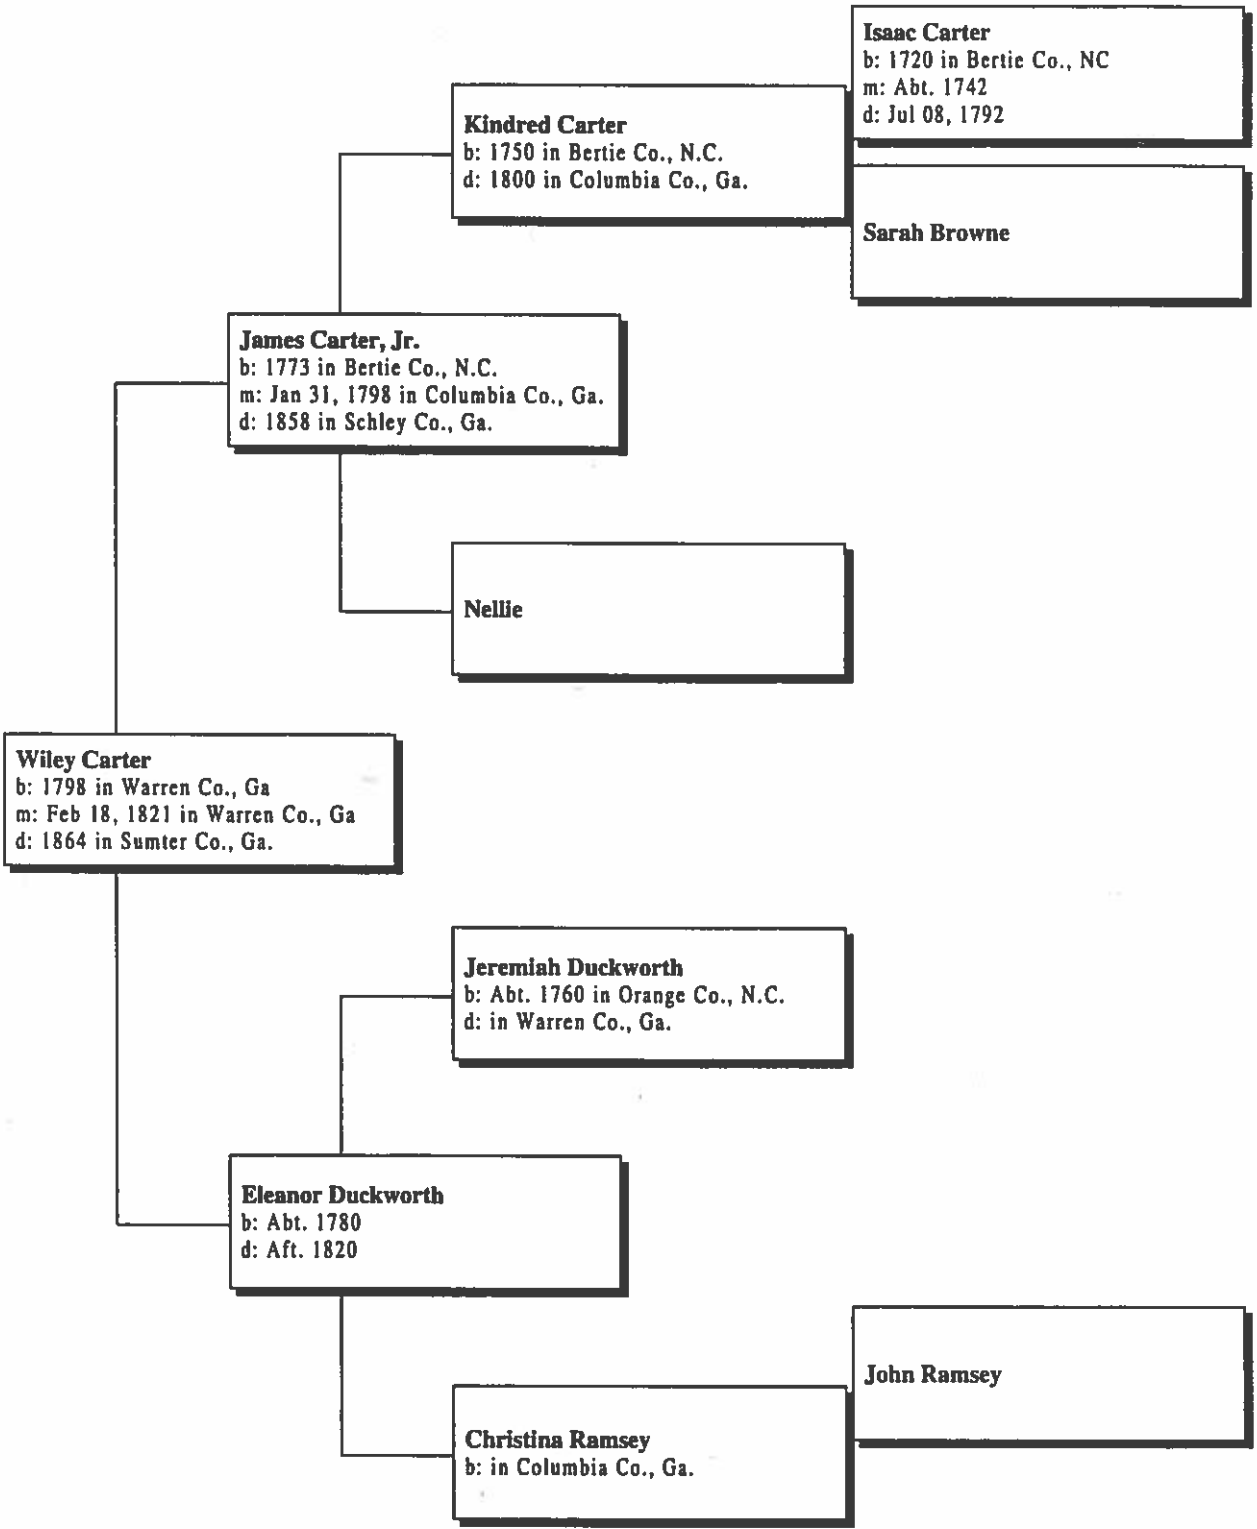

The pages showing the ancestors of Wiley and his wife Ann are simple and easy to understand. I have other information preceding Isaac Carter and William Ansley, but chose to limit this booklet to eleven generations in all.

At first glance, the pages showing descendants are not so easy to understand. The first of these pages just includes Wiley and Ann, with their 12 children shown as the second generation, numbered "2." Then there is a separate section for each of their children. For instance, Calvin Carter married Mary Davis, their children are numbered "2," their grandchildren "3," their great-grandchildren "4," and so forth down to the seventh.

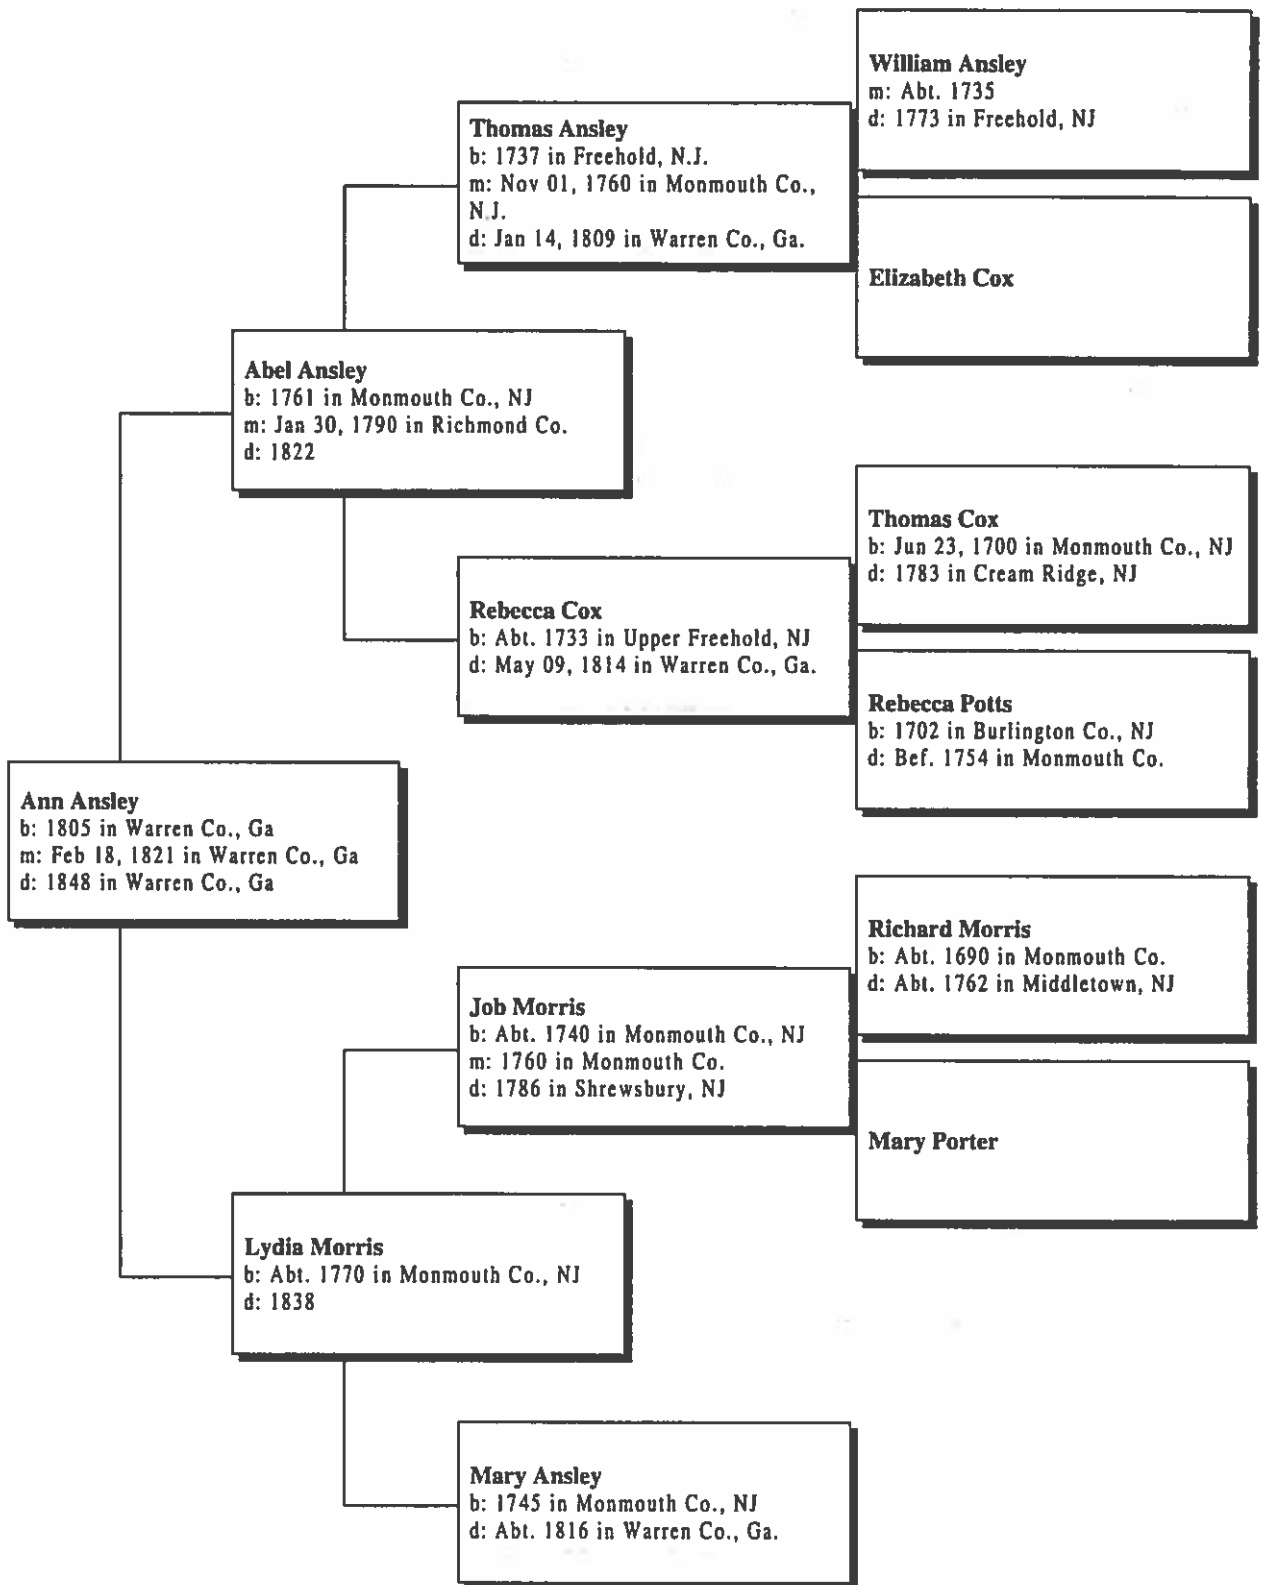

It's obvious that Wiley has had a large and interesting family.

A handwritten signature in cursive script that reads "Jimmy Carter". The signature is written in dark ink on a white background.
