Dear Brother Bob,

"Happy Birthday" and may you have many many more.

We enjoyed your short visit during Christmas. I wish we could be together more often. I want to thank Cora for my car pillow and you for the fatigues. Ruth and the children send their thanks for their presents rec'd.

I may be down your way this week and if so will drop in to say "hello". As of now I don't know how my itinerary will read.

Best wishes and love

Randy
