St. Mary's  
Georgia.

Dear Sir,

In accordance with your request in the S C Historical Magazine I am pleased to enclose a transcript of what information I have on the McPherson line.

This information is rather "sparse". Unfortunately my mother did not make record of sources of data -- such as reference to wills, deeds, church records etc. in the case of this line. Martha McPherson was her grand-mother.

I would appreciate it very much if you would advise me of any corrections, addenda or errata.

Very truly
