Dr Peoples: In Coleman Milan's mom were  
you guessing or do you have documentation  
to the fact his mother was \_\_\_\_\_ Coleman?  
Please advise.

Dr. Peoples: I ran across this  
data at the Latter Day Saints  
Genealogical Dept on micro film.  
The date 1787 does not necessarily mean  
his date of Birth but the first data  
they found linking him to the parents.  
They found linking him to the parents.  
This does not mean he is the same as  
your Coleman Milan but note the  
middle names of next 2 Milans. If this  
is your Coleman then it could explain  
where his 2 sons got their middle  
names. What do you think? Elzie
