

Dear Cousin Ed. It is with deepest
sorrow that I write you of Mother's
death on May 24 - she developed
a strange meningococcal bloodstream
infection and died within 30 hours
of my taking her to Roper. - I
had intended to write anyway but
I recently heard from Mrs. Bahlan
in Bamberg (via a note to Mother
forwarded by the P.O. to me) in
which she stated that you told
her that Mother could help her
to Jenkins ancestry - I have
written Mrs. Bahlan & will
give her information from my
Jenkins book.
I had forgotten that you lived
in H.H. - I often come for the
Jenkins matches. Will call you
next time.

Devotedly,
Chris Miles Montgomery
