

our fond regards to Cora,

Yours very sincerely,
Gimmie

Feb. 1, 1983

Dear Robert: Thank you so much for your so kind letter of Jan 27th. and for sending to me the Sponsorship card for membership in the Society of First Families of SC. I have already filled it out and mailed it to the Society in Charleston, and will fill out the application papers as soon as they send them to me. I have a copy of Tense's Application--genealogical data submitted, etc.---but I am unable to figure out what other documents she submitted with her Application paper, besides the data listed--- have written to ask her what documents, if any, further she submitted? but have not yet heard back from her, in re: this? I did beg her hard---to come down and stay with me, and go to both the April 23 General Assembly and the 16/17 Reunion, so hope very much that she will decide to come down. Blackie and I will attend both, and thank you for saying that you would make reservations for us.---also, tomorrow or the next day I plan to write to the Culumbus Museum of Art---and ask them if they would consider having a Columbus photographer take a picture of the Dr. George Mosse Miniature---Blackie says often Libraries, Historical Societies, etc. will do that for you---(if you will pay for it, of course---and that I will be happy to do) that will at least find out for us whether or not the miniature is indeed there, if it is there and if they won't have the picture taken of it for us, Blackie and I will go over there and he can take it--- he is very good at doing this, and once we have it in our "hot little hands" we will have made as many copies of the picture as you want ready for the reunion. I haven't talked with Spencer Lawton, yet, but will as soon as I can get around to it. Will let you know what happens next. Please give
