Enclosed are some notes on my PARKER FAMILY. I have copies of Parker wills for John died 1793, George d 1770, John died 1731, George d 1674, George d 1639, and John died 1612. I have a few notes on Parkers that I am NOT related to. Hence if you will tell me your Parker connection & I have any notes that fit, then I will mail them to you.

Enclosed is Dad's lineage back to CORNELIUS LLOYD. In the 1620's my ancestors THOMAS TODD, CORNELIUS LLOYD, THOMAS BROWN, and some PARKERS lived in what became Lower Norfolk County, Virginia.

TABITHA (TRUITT) PARKER, BORN 1660 ACCOMAC Co. Va was a daughter of GEORGE AND ELEANOR (MERRIDAY) TRUITT

There is an article on EDWARD BARLOW 1570-1620 IN THE NATIONAL GENEALOGICAL SOCIETY QUARTERLY VOL 50 pg 114

FAMOUS PARKERS INCLUDE:  
SIR GEORGE PARKER 1697-1764, EARL OF MACCLESFIELD, mathematician and astronomer who introduced the new style of dates in the calendar in 1752 in England.

I'll be glad to exchange Parker data with you.

Sincerely  
Kirby Watkins
