August 13, 1987

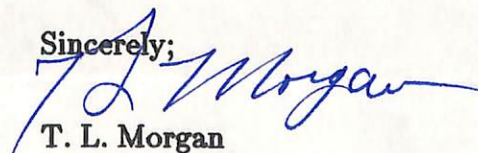

Dear Robert;

I thank you for letting me know about the picture of Grandma Peeples. I too received a copy from Jane. I am not privy to any information that you do not have, that I am aware of. I do have a copy of a book, "A family History" by Anne Willingham Willis, that I obtained from the Public Library in Rome, GA. My sister Florence used to read to her, when her eyesight started to fail, and I found out about the book in this manner. It has many references to the Peeples family, with quotes from various books about the Robert family and their immigration to this country. The incorrect date to which you refer was a typographical error, ( I am still working with this computer program, and have very much data yet to be put in it. The reference to "Moss" was a quirk of the program, that I have not yet worked out the way to correct. In certain entries, it leaves off part of the names, ie the "e", and I still cannot get it to take "DION" except in certain entries! )

I am sure you have a copy of "Our Family Circle" On page 366 is a list of the family of T. S. Mathews. As for Grandma Peeples, she is buried in the family lot #1806 in Laural Grove Cemetery, along with others of the Morgan family in Savannah. As you well know, there are so many discrepancies in the many documents, it is difficult to filter through the errors, and find the correct version. I am afraid my "research" is very rudimentary, and would not pass any reasonable test of validity. I think I mentioned to you at one time that my only goal was to gather together what I could conveniently find, and keep it together for the grandchildren so they could have a base from which to start, in case one of them became interested.

Again I would like to thank you, and let you know whatever resources I have, however meager they may be, are available to you at any time.

Sincerely;

T. L. Morgan

June 26, 1987

Dear Robert;

I thank you for letting me know about Mrs. Lawton Ray having the picture of Grandmother. I will get a off a letter as soon as possible offering to repay her for any expense if she would have a copy made for me. I have a huge embossed leather bible, with spaces for photographs, that obviously had the photographs removed. The bible was given to my dad around WW 1 by his mother, and apparently had been in the family for many years. Other than some snapshots that dad had taken of her, and a photo of his father taken shortly after the civil war, I have very few pictures.

I had been planning to get a letter off to you. I have been experimenting with different types of computer programs for recording genealogy data for over a year now. I have never even been able to find one that would run satisfactorily, much less one that I considered good. I finally found one that will work, and if you by chance use an IBM compatible computer in your work, I will be happy to send you a copy of it. I just entered some family data in it in the last week, and I have enclosed some of the printouts that it is capable of to show you what it will do. I cannot say it is a great program, but it sure beats doing it by hand. It only requires an IBM compatible system, and one could get by with only one floppy drive, but at least two would be much more desirable, and of course it works much better with a Winchester drive.

Bobby and I have not gotten up your way for some time now. Also, we have about given up the idea of going to Hilton Head, as it has been so commercialized. I hope you and Cora are feeling fine

I also thank you for the offer of sponsoring me to the Society, however, I am not a joiner by nature, I have only tried to trace down family data for the grandchildren etc. just in case someone does become interested.

Thanks again for the information; Sincerely;

  
T. L. Morgan
