Dear Cora & Bob:-

Just a quickie this time. Was good to see you at the reunion Saturday.

About your old coin silver spoon with E.M. engraved thereon: In The Book of Old Silver- English-American-Foreign by Seymour B. Wyler. (More than 20,000 Hallmarks, profusely illustrated) page 323:

Wilmot, T.T.

T.T. Wilmot

New Haven, Conn.....1810

Listed under American Silversmiths' Marks.

The spoon could have been initialed for Esther Maria Mosse (1772-1837) who married Capt. Patrick McKenzie or for Elizabeth Mosse (1777-) who married 1793 James Stoney(1770-1820).

We're having quite a rainy spell and cool weather. In fact we have the furnace on this morning. Heard on radio yesterday that your area had tornado warnings, but apparently didn't materialize.

We go to Columbia this morning for Maner to have eyes examined. Think he needs his glasses changed.

Love to each,
