

~~ROCKWELL STONE~~
SEA PINES PLANTATION
HILTON HEAD ISLAND, S. C.

Dear Robert —

I would be
most appreciative if
you could give this
lady the information
she needs —

Sincerely
Oray

Clermont Fla.
July 11-1971

My dear Mrs Fraser:

I think it was at your home I speak a pleasure having about a year ago.

I had come to Shelton Head seeking family data & you were very kind in listening but were not able to give me much information not being familiar with the early history.

I was particularly interested in obtaining information regarding my great-grand mother Mary Fraser who married Henry Richardson who lived on

Hilton Head -

I found in the book "Hilton Head" quite a bit about my grand mother, Elizabeth Stoney who married the son of Henry & Mary Fraser - John Richardson.

They lived in Savannah & my mother told me stories of her visits to her grandmother on Hilton Head - how they had to go by a row boat from the mainland.

My grand mother Elizabeth Stoney Richardson was the daughter of George Moss Stoney who I presume was the son of Elizabeth Moss & Jas. Stoney

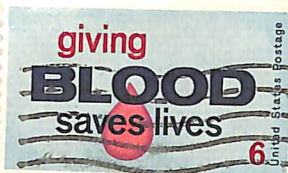

as recorded on Page 65 = I have
some silver forks & table spoons
marked "G. M. S" which I inherited.
My mother always told me my
great grand mother - Mary Fraser
was of the Red Fraser clan of
Scotland - I have a couple of
"breakfast" forks inherited from
her with the crest (a unicorn)
on the back instead of initials -
also a toddy ladle given Mary Fraser
by the Captain of an English Frigate
that was at Port Royal Harbor -
A ball was given on the ship & the
ladle was given by the Captain as
a souvenir to "one of the ladies"
& she was the lucky one - Though
she lived on Skilton Head as the

wife of Henry Richardson I do not
know if she was reared there - I'd
like to get any information I could.
So if your husband doesn't know
I would deeply appreciate your
passing this on. to any one you think
would wish me enlightening me -

Thanking you in advance for
your courtesy I am

Most sincerely
Mary Watson
(^{nee} Mary Richardson Deas)
