

Neville Howell son James married my D.C. + co. lib. ~~lib.~~

Wm Richardson dau Laura A. Richardson -

Henry killed civil war - some of these Howard names are on
the liberty co (part of the Intouch co became liberty + now Long co) civil war

If need to know more about Howards on
other side of pages write for index file of (Civil War records dept)
confederate giving name and company etc underlined on
page, also ask if they received a pension 1896 - 1900 alt
if they survived war. These have to also have the county
of Ga that the pension application would be made from
where they lived at time of applying. The index file used to
be just a dollar but may have gone up. The pension
application of confed runs abt \$5.00 as there are several
pages they photo copy - same with his widow's application
this you would need his Regt etc as well as the county
she would be filing for. Takes about 2 weeks to get
reply. Or visit the archives Atlanta and look at
all these needs at no charge except your time,
they have one floor of the archives that is just the War
+ records of soldiers etc.

These Howards seem to be the Intouch Howards
