

Dear Mr Rhodes

This morning I received
the Newspaper cutting, headed - Wanted
News of the Rhodes family.
My name is Queenie Rhodes Thomas, my
Matter being the daughter of George Rhodes
of STANTON-ON-HINE-HEATH Shropshire.
George Rhodes was a baker and at one
time owned the Tiddy wine inn at
Eckhams, he had five sons and two
daughters all well known in Shropshire
mostly I think because they were
all involved in push bike racing
they were friends with the ^{late} British
Cycle racing champion Reg Harris.
I believe my Grandfather was born
at Yockleton a village in Shropshire
he died about 32 years ago aged
about 70 years. My Matter tells me
she has no knowledge of any family
by the same name in the Shropshire area
Somerset House is the place, if you've
got the time to spare you can trace
your family back as they will do it
for a fee. I live in London, but
like you I am in business and have
very little free time, but if I can
find out anything more for you, please
let me know, it is most interesting.

Yours Sincerely
Miss G. R. Thomas

a bed sitting room with some
Friends) I have much to be so
