Robert

January 30, 2005

(8 Moon Shell Road  
Hilton Head Island, SC 29928-5444)

Dear Dr. Peeples,

We thank you for taking the time to respond to our last communication to you.

We trust that you do not mind, but I copied your letter and sent a copy to each of our Pasteur Pierre Robert Reunion Officers.

I also said that I would check into McClellanville, as a base.

Since then, I've heard from Joe Bunch and others suggesting that it would be wiser to make Robertville environ as our headquarters and have a field-trip to the St. James Parish Episcopal Church (Jamestown French Santee).

Dr. Peeples: We trust that there is a biography of you that we could get a copy of. You were so constantly a source for our learning more of our heritage and ancestors. Also you are the authority given credit (in the Register of Qualified Huguenot Ancestors of the National Society). (I sent them copies of your correspondence and copies of the Transactions prior to their updated supplement to the Directory.)

We just received a many-paged copy of genealogy and history of Jean, the second son of Pasteur Pierre and Jeanne Braye. I have not read it, just scanned it. Apparently there are many descendants in Louisiana. I sorta turned off when I read that they added the 's' to Robert. This lengthy record was recently printed in the Louisiana Genealogical Register, December 2004. Apparently a Ed Roberts, of Monroe, La., had done a herculian task of gathering information.

It was sent to us by Mary David Baker, the sister of our Professor J. Robert Baker, President of our group for 2007. Mary David (descendant of 10th child (Daniel) of Capt. Peter and Anne Grimball) attended both the 2001 and the 2003 Reunions. She lives in Houston, Texas. I must see what the mileage is between Estill, S.C. and the St. James Church.

Cheers, appreciation and God Bless us all ! *Carmen*

P.S. Wish I were able to begin a Bibliography for the Reunion?
