Dear Cuzan Robert: Rev. P. Robert - Med. Doc.

One S. C. Publication, at least, list Rev. P. Robert as a Medical Doctor. This subject has been debated, discussed, guessed about back & forth; and I submit the following, where someone other than Family wrote M. D. & Med Doc't.

- * Court of Common Pleas 3 A - 190 1711-1712, & apparantly on until 1717, when Roberts, J.O. P. collected (II-Jr)
 - * My 1976 Hand Notes of S. C. --over here -Miss-La. Smith's, Thomas, La Motte, Le Conte Callander/Kalander.
 - * L. S. U. (State Cow College) Edw. Bane Robert Picture
 - * Gen. H. Martyn Robert Picture - Ears--See T. J. R. 1901 *di e 1906*
 - * Miss La. 1972 Debby Robert
 - * Sampson Blum- Alsace M Annie R. Robert -G-G-Gd.dau Capt. Peter Robert, who they say d Chenyville 1825, but I have
 - * 15 July 1808 Inventory & Accounts Book I:24. Letters of Adm. to Joseph Robert 10 March 1808 Wilkinson Cty. Miss.
- *-H.S.-S.C. has p-c's These are for 1st Families & Your Study-Work-

I should send Cuzan Crystell a p-c too.

Again: 8 Years equals a Doctorate 1/1674 to 2/1682; unless-----
6 years for Masters in Arts, even then they wrote M. A., then taught 2 years. There were/are too many Med. Doc's down the line, that I am convinced Rev. P. ROBERT was also one.

You see, when I started writing to France: U's Nancy, Strousburg, Royal College of Medecine, Montpellier, Orleans, ^{St.} Ethinne, Caen, Sedan, Saintes, La. Rochelle, & a couple of more; ----I sent a p-c to Mrs. Burns for Rev. P. Robert File;----so anyone following me, could see where I tried. Now, the NEW GALS do not understand, the Hospital in London recently sent. (Dr. John Daniël Robert - s; Dr. Wm. Roberts drowned Rev. War; Dr. Wm. Hen. C. Robert s Sumter.)

Oh I wrote 3-4 U's Germany, for Low-ton.

Sorry the p-c's came out so poor.

Best Regards,

Edward II
